Dear Mr Shute

I write on behalf of the residents of Elvestone to express our sincere appreciation of the excellent work you and your company accomplished this week when felling the mature beech tree on our premises.

The task of felling a tree many tons in weight without causing any damage at all, displayed the skill and care of you and your workforce and provided the interested onlookers with many hours of entertainment.

We will recommend your company to others if the opportunity arises and should you in future require a reference to promote your business do not hesitate to make use of this letter if it can be of assistance.

Our thanks to you all.

For and on behalf of Elvestone Management Company Limited.

P.Maby.
